▲ Matrix 530 Auto-Feeder

Design

The Matrix Auto-Feeder is designed to be easy to install, set-up and operate.

The Auto-Feeder can be fitted to the full range of Pneumatic & Duplex Matrix Laminating Systems for short-run print finishing automation.

Prints can be loaded 'on the run' for non-stop operation. Aimed at the digital/commercial markets, short-to-mid run business cards, menus, book covers, bespoke prints and more can all be finished faster.

Feed prints for lamination, foiling & spot UV-style effects, the Matrix becomes a truly automated print finishing system.
