IDEALLY SUITED FOR

- Foiling Prints
- Business cards
- Menus
- Book covers
- Brochures
- Flyers

and many more...

Design

The Matrix Omni-Flow Deep Pile Feeder is a modular system that is designed to be simple to install, set-up and operate. The Feeder can be fitted to all Matrix Pneumatic & Duplex models.

Up to a 180mm/7-inch pile of printed media can be loaded at a time. That's 700 sheets of 250gsm/170lbs paper with quick and easy re-loading.

The Matrix Omni-Flow can also feed in long sheet prints, up to 920mm/36-inches in length.

Ideal for both the Digital and Commercial markets for short-to-medium run lamination and foiling of business cards, menus, book covers, greetings cards and bespoke prints.
